We are looking forward to another busy tree sale season. Please make sure this schedule gets out to your athletes and team parents. On the weeknights, most teams staff with 2 shifts and there should be at least 6-8 persons per shift, 2 of whom must be adults. On weekends, the shifts will be busier, so we would recommend 8-10 persons per shift, minimum 3 adults. Most teams go with 3 shifts. As always, the more athletes the better—our customers love to meet the student-athletes that their purchases are supporting. Let us know asap if your shift conflicts with a team activity.
